Georgia House District 35 Candidate Lisa Campbell Endorsed by Progressive Turnout Project

Campbell supports equitable access to the ballot box for all eligible voters

ATLANTA, (June 4, 2022) — Today, Progressive Turnout Project, the largest voter contact organization in the country, specifically dedicated to mobilizing the Democratic Party and defending democracy, endorsed Georgia House District 35 candidate Lisa Campbell in recognition of her commitment to defending the right of all eligible voters to have equitable access to the ballot box.

"I am thrilled to have Progressive Turnout Project's support in this election! Protecting our right to vote and ensuring the will of the people prevails through free and fair elections is the foundational component to protecting our democracy. Our campaign is committed to fighting for the expansion of voting rights for all." said Lisa Campbell.

As a long-time community advocate and small business owner, Campbell is campaigning to bring her consensus building skills to The Gold Dome, where she pledges to form coalitions to expand equitable access to quality education and affordable healthcare, create and implement laws, policies and investment strategies where all of us have equitable access to make decisions about our own bodies, relationships, families, and move forward together toward a brighter, better Georgia for all.

"As the first woman to represent District 35, I especially appreciate the Progressive Voter Turnout Project's advocacy on issues of voting rights and look forward to standing up for Georgia voters in the General Assembly."
